

eBlast 6-3-2022

Good afternoon,

Due to the pending storm with a potential of high winds, the ferry will have its last run from the island today at 6:00 pm. At this time the expectation is that the ferry will not run again until Sunday. Once the weather clears up and the Captain determines it is safe to operate the ferry will return to the regular schedule.

Thank you for your understanding and please stay safe.
